

Well Gaited Foundation Bred Filly

\$ 6,000

Description

This beautiful well bred filly was raised by a local veterinarian. She's had the upmost medical and socialization handling since birth and has that puppy dog personality that makes these Rockies so popular! She was taught to lead, stand tied, have hooves handled, trimmed and cleaned almost daily. She has as a natural, square, 4 beat gait and would make an awesome show or trail horse and be an asset to any breeder! Going by her Sire & Dam she should mature to 14.2-14.3 hands! Gypsy had been taught to load and trailer as well. She's always been calm and quiet while tied or trailering. She has enough want to and natural snap with her front end to be a top show mare. Her bloodline needs no introduction. She has a quality foundation pedigree including Kilburn's Chocolate Sundown, Sam Clemon's Tim, Smith's Ginger and Johnson's Toby! This beautiful Filly has been ridden lightly by a young boy to show how gently she is and well gaited! If you're looking for a filly that's the whole package look no farther! Video shows her willingness, natural headset and gait! Located in Town Creek, AL
