

Sweet Quarter Horse Mare

\$ 1,000

Description

Gal is a beautiful registered Quarter Horse mare that'll be 20 this year!! She is a thick built 15 hands and passes that thickness to her babies!! Gal is a super sweet girl that loves all the attention and love she can get so she has no problems standing tied, for grooming, the farrier, bathing etc. Gal has had two babies and is an exceptional mama!! Unfortunately this sweet mare hurt her eye and is now blind in that eye but that doesn't stop her from living her best life!! Before the injury she was an outstanding trail mount that would go anywhere you wanted her to go!! She's a thinker and would overcome any obstacle you would put in front of her!!! Since the injury they have mainly focused on getting some amazing babies out of her and they've not been disappointed!! A wonderful loving and approved home is a must for this girl!! She's still fine to ride just may need a refresher!! Teeth were floated last yr!! Don't let her eye or age keep you from taking advantage of this sweet girl!! Give us a call and let us tell so much more about this nice little mare!!! Located in Tazewell TN
